Your efforts and those of your colleagues have made *Optics Letters* a trusted resource for 40 years

Dear Robert Szipocs,

As we celebrate *Optics Letters*' 40th Anniversary, I'd like to take a moment to thank you for helping the Journal evolve from its humble beginnings in 1977 to its current status as one of the most prestigious titles in optics and photonics.

Our 40 years of success was achieved as a result of widespread support and contributions from thousands of authors, reviewers, and editors across the globe, like you. Collectively this support has enabled the Journal to regularly publish groundbreaking research and to maintain its rigorous peer review standards. *Optics Letters* has received over 62,000 submissions since 1977; amassing over 120,000 reviews that produced over 30,000 published papers and nearly 100,000 published pages.

As we look to the future, I hope *Optics Letters* will continue to attract your high-quality research reports and your peer review support. I also welcome your feedback and ideas on how we can better serve the needs of the optics and photonics community. You may contact me with your thoughts and ideas at olmss@osa.org.

Sincerely,
Xi-Cheng Zhang
